Change of Cattle Sale Day at the Muchea Livestock Centre

The Western Australian Meat Industry Authority (“WAMIA”) would like to advise that the proposed **change of the cattle sale day** at the Muchea Livestock Centre (MLC) from a Monday to a Wednesday from 4 July 2018 **will not proceed at this stage**. Discussions with key stakeholders are ongoing.

WAMIA announced the change of sale day on the understanding that the change had the support of most stakeholders as indicated by consultation that commenced in October 2017. Unfortunately WAMIA was surprised at the objections of some key stakeholders and are seeking to work with them to find a more acceptable solution that will reduce the costs of operating the MLC.

In good faith, WAMIA is not proceeding with the change of cattle sale day on 4 July 2018 while it further engages with key stakeholders to investigate options to reduce the cost of the MLC to users.

For further information please contact Andrew Williams, Chief Executive of WAMIA on 08 9571 0013.
