

MUCHEA CATTLE REPORT 14TH DECEMBER 2020

Nutrien Livestock reports 3083 cattle sold at Muchea Monday 14th December with 264 of these in the calf sale. Very similar numbers come to hand with again large numbers of bulls and cows of all descriptions penned. The quality of the local young cattle was generally lower than previous weeks and values reflected this with a few exceptions. Trade line quality was also down with heavy steers easing 20c/kg whilst heifers were equal. The quality of the young pastoral steers and heifers on offer was well down and values eased in the main with odd specials equal. Heavy slaughter bulls eased 20c/kg with local bulls suitable to export and feed eased on quality. All classes of pastoral bulls remained firm. Best heavy local cows eased 10c/kg as did medium weights and due to poor quality, light pastoral cows came back 20c/kg.
