

MUCHEA VEAL REPORT 14th December 2020

Today Muchea agents yarded a total of 264 calves with Nutrien selling 164 of them. The local calves penned had more weight and quality again this week and the pastoral types were lighter in condition and quality.

Local steers made up to \$965 with local and interstate graziers adding extra competition. The majority of local steer calves were sold to local butchers. Heifer calves also sold back to local butchers with graziers again putting pressure on. The best local heifers sold to \$760.

A line of grain fed pastoral vealers presented today with very high demand on all categories. Light weight steer calves sold to \$860 and the heifers to \$630.
