## MUCHEA CATTLE REPORT 3 ${ }^{\text {rd MAY } 2021}$

Nutrien Livestock reports 1573 cattle sold at Muchea Monday 3rd May with 110 of these in the calf sale.
The yarding was very mixed in quality and started with slaughter bulls meeting strong competition and gaining fully $10 \mathrm{c} / \mathrm{kg}$ for locals and best heavy pastoral bulls up to $30 \mathrm{c} / \mathrm{kg}$ higher. All young bulls were fully firm.
Young local steers and heifers were equal. There were more light pastoral steers available, and these lifted up to $30 \mathrm{c} / \mathrm{kg}$ depending on type. The few trade cattle penned remained equal. Cow numbers again were low and values across all grades were firm.
