

## MUCHEA CATTLE REPORT 9<sup>th</sup> January 2023

Nutrien Livestock reports a very modest cattle yarding of 456 head to kick off the season at Muchea Livestock Centre. No quality trade lines were penned, and the yearlings were mixed in quality with the top lines equal and others fluctuating in values. No heavy local bulls were available and those suitable for live export eased slightly. Pastoral bulls were limited in number and quality. The few heavy cows on offer were of very good quality and generally remained equal as did medium weights. A few good pens of lightweight pastoral cows met solid bidding and lifted fully 40c/kg.
