

MUCHEA CATTLE REPORT 11TH September 2023

Nutrien Livestock sold 840 cattle out of a total of 1129 at Muchea Monday September 11th in a very mixed quality yarding consisting mainly of pastoral lightweight heifers, bulls and cows. Values fluctuated from being equal to easing due to quality. A fair supply of heavy bulls saw values remain equal. Bulls suitable to ship or to feed were generally equal however the lightweight pastoral lines fell 40c/kg due to quality. The few heavy steers penned were equal. Local steer and heifer yearlings were too few to quote. The one exception was a line of very good quality lightweight Murray Grey vealers weighing 232kg and realising 342c/kg. Pastoral yearling heifers were very mixed quality and finished barely equal to easier. Very few numbers of heavy local cows were available and these along with all other classes remained firm.
