

## Muchea Cattle Report 28/01/2025

*756 liveweight and 7 veal / total 763*

Cattle supplies were back to a conservative volume today. Quality declined both in the breed component and fewer finished bodies suited for processing and this was reflected in values. Most lots on offer were either in feedlot or return to paddock condition with Live shipping buying the lighter calves with good cover.

Vealer steers sold from 150c to a top of 340c while vealer heifers ranged from 60c to 260c all quality dependent. Yearling steers made 180c to 300c while Yearling heifers sold from 60c to 278c/kg.

Grown steers returned 250 to 288c while grown heifers made 220c to 270c/kg. Plain cows sold from 80c to 180c, medium cows from 180c to 200c and prime cows up to 244c with one exceptional cow topping at 250c/kg.

Bulls returning to the paddock sold from 100c to 180c while shipping bulls made 180c to 304c and slaughter bulls returned 150c to 240c/kg.
