

Muchea Sheep Report 17/02/2026

Yarding 7,412/ sheep 1,970 / lambs 5,447

Lamb supplies remained similar to last week both in volume and quality with some very well presented heavy lambs against a larger yarding of store and feeder types while older sheep were in limited numbers. The buyer gallery was busy with most processors operating as well as several feedlot buyers and competition from an eastern states buyer on store lambs. The lighter end of the lamb market lifted \$5/6 while heavier lambs remained firm to slightly softer and the mutton remained unchanged.

Store lambs started from \$80 up to \$208 while light lambs made \$170 to \$230 with most sales ranging from 950c to 1200c/kg cwt. Trade weights returned \$216 to \$251 while heavy lambs sold from \$230 to \$310 ranging from 900c to 1050c/kg cwt.

Merino wether hoggets sold from \$140 to \$225 while light Merino ewe hoggets were too few to quote. Crossbred hoggets started from \$160 and with more cover sold up to \$240 while younger rams sold to a top of \$244/head.

Boning ewes were making \$80 to \$180, medium weights returned \$160 to \$230 and heavy ewes sold to a top of \$260/head. Heavy wethers ranged from \$190 to \$240 while mature rams sold from \$100 to \$221/head.
